Zager Guitars

I would like to buy another acoustic guitar, the problem is that having done my homework "online" I have chosen a guitar that I have never played or seen, although on the net it seems a great guitar. The guitar I would like to check out is a Zager Guitar which is manufactured in the USA. According to their web site, they are not available in shops and have to be purchased direct from the factory. If anyone has experience of Zager Guitars or played one, would it be possible to e-mail me at

kevinjhamilton1@aol.com

Many thanks, Kevin

Club Merchandise

If you would like to purchase any club merchandise, please see Charlotte, Carol or Mark at the next meeting.
